Sports Scholarships may be awarded to candidates who have a proven high level of sporting ability and potential. Candidates should apply for a General Sports Scholarship if they demonstrate a high standard in two or more sports; **which must include at least one of our main school sports of hockey, netball or swimming**. Specific Sports Scholarships may be applied for if the candidate has reached an exceptional standard in one sport specifically. Please note we will only consider specific sport scholarships in the following sports: Netball, Hockey, Swimming, Athletics or Cross Country. Candidates who have reached an exceptional standard in a sport not listed should email the Director of Sport on e.buckett@st-teresas.com for further guidance. Tennis and Equestrian scholarships should be applied for separately to our Tennis Academy or Equestrian Centre.

Candidates will be practically assessed on the day with a number of aspects being taken into consideration; fundamental motor skills, spatial awareness, decision making, application of appropriate skills in pressure situations and, physiological testing. All candidates will be assessed in hockey, netball, swimming and cross country, including those who have applied for a specific scholarship. Candidates will also be interviewed by the Director of Sport as well as having informal discussions throughout the day with relevant Heads of Sport.

If awarded a Sports Scholarship at St Teresa's, candidates are expected to progress in their chosen sport(s), represent the school in competitions, be role models and play a full role in developing sport at St Teresa's, as well as attending the Sports Scholarship programme which is designed to inspire, educate, evolve and develop the scholars.

The Department reserves the right not to award scholarships in a particular year. Girls will be eligible for scholarship examination/interview only if they are committed/firm candidates for the Senior School.
